

Innovation poster competition

Your innovations

The closing date for entries has now passed.

Following the success of the Innovation poster displays submitted for the inaugural event, we have run the competition again. Entries were invited from individuals or organisations which had any innovations related to one of the 8 workstream themes that they would like to share with the other delegates at the 2012 conference.

Short-listed posters will be displayed on this website shortly and will form part of the exhibition at the conference.

The posters will be judged by a small panel of supporting partners with awards being handed out at the Charity Gala Dinner.

For further information or questions please call us on 01772 767782 or email us at florence@glasgows.co.uk.
